- 6 Read about Mr White. Are the sentences true (T) or false (F)?

David White is our Geography teacher. He likes his job very much, but his wife, Mary, doesn't like her job. She's a Maths teacher in our school. She doesn't like her job because the students don't usually like her subject. Sometimes they don't like Geography either, but I think it's very interesting. We do a lot of interesting things in the class.

Mr and Mrs White's daughter, Zoe, is in my class. She says that her dad helps at home. He sometimes does the shopping and takes the rubbish out and he always feeds the dog. He often cooks dinner, too. Zoe usually washes up, and vacuums the floor. Mr White never washes the car because his son Andy does it. Andy is at our school, too.

Mary teaches Zoe and Andy Maths and they both like it. Andy doesn't do Geography, he does French instead.
